Chris Eaton in to discuss the Town's Mooring's. He feels that they do not need to be pulled up and checked, he said they were looked over carefully when the divers put new chains on them. Selectmen were glad to hear that the staples in the moorings are fine and that was all they needed to know. Chris Eaton reminded

Selectmen that some mooring rocks bid out a few years back. Danny Chalmers got the bid but the Town never received the moorings. Town Manager will check with Mr. Chalmers about that. Chris Eaton did say that we need one new mooring because of a staple being broken. Steve Harper is going to talk to Jamie Farley's widow about buying his mooring for the Town.

The Town Manager reported that the Public Works crew has painted seven finger floats, six are in the water. The two new finger floats that were built this winter have been launched and are moored in the harbor. The DOT has removed the rocks that were damaging the floats at the Ferry Terminal. Ferry Terminal floats will be launched this week thanks to the Public Works hard work. The Cemetery Committee reported to Town Manager that there are four Cemeteries that need the most work- Flye, Galley, Kelley, and Murphy Hill.
